Be a part of one of the first innovation conferences post-covid, where some very successful and very well-known companies will share their stories, insights into innovation and tips for business growth.

We currently find ourselves in some of the most challenging economic times in history and for businesses to grow and thrive, there's a need to consider how we do things and how innovation might be a part of survival and growth!

You will have the unique opportunity to join businesses from different sectors and the different ISE partner regions (Kent, Hauts-de-France, East Flanders, West Flanders, and the SW of the Netherlands) for an inspirational and interactive event!

You can register on the ISE website
